

Privacy and Policy

Introduction

MYRA values the privacy and security of its users. This Privacy Policy explains how the application collects, uses, stores, and protects user information. By using the application, users agree to the collection and use of information according to this policy.

Information We Collect

The application may collect the following types of information:

- Personal information such as name, email address, and login credentials during account registration.
- User-generated data entered or stored within the application.
- Device-related information such as device type, operating system, and app usage statistics.
- Authentication and security-related information through Firebase services.

How We Use User Information

The collected information is used for the following purposes:

- To create and manage user accounts.
- To provide secure login and authentication services.
- To improve application performance and user experience.
- To store and manage user data securely.
- To provide AI-powered features and intelligent assistance.
- To monitor app functionality, security, and technical issues.

Firebase Integration

MYRA uses Firebase services for authentication, database management, and cloud storage. Firebase may collect certain technical information according to Google's Privacy Policy. The collected data is used only to improve application functionality, security, and performance.

Data Storage and Security

The application takes reasonable security measures to protect user information from unauthorized access, modification, or disclosure. User data is stored securely using cloud-based technologies and encrypted communication methods where applicable.

User Privacy Protection

MYRA does not sell, trade, or share personal user information with third parties except when required by law or necessary for application functionality. User privacy is treated with high importance, and all efforts are made to maintain data confidentiality.

Third-Party Services

The application may use trusted third-party services such as Firebase and Google authentication services. These services may collect limited technical data required for app functionality and security.

User Rights

Users have the right to:

- Access their personal information.
- Update or modify account information.
- Request deletion of their account and stored data.
- Stop using the application at any time.

Children's Privacy

The application is not intended for children under the age of 13. MYRA does not knowingly collect personal information from children.

Changes to Privacy Policy

MYRA may update this Privacy Policy from time to time. Any changes will be reflected within the application or related documentation. Continued use of the app after updates means acceptance of the revised policy.

Consent

By using MYRA, users agree to this Privacy Policy and consent to the collection and use of information as described above.
